

Alexandra Kanipe

A Beautiful Place.

Cacti stand quietly,
I stand silently.

The birds chirp in the wind,
living here is a win.

The tortoise sleeps on his stomach,
while I sleep so quiet.

The Sonoran is beautiful,
you just have to try it .

The flowers bloom in the spring,
they fall in the winter.

You really don't know how beautiful it can be,
just try it and you will see.
