

Kindergarten Unit 3: Ant Antics Performance Task

Driving Question: Pretend that you have lost one of your senses. How would you extend that sense?

Standard(s): K.P2U2.2 Design and evaluate a tool that helps people extend their senses.

Materials:

- Class set: Plan Your Tool Handout
- Various materials: cupcake liners, string, tin foil, empty toilet paper rolls, pipe cleaners, coffee filters, pompoms, beads, buttons, tape, glue, etc.

Performance: Students will design a tool to help extend one of their senses using various materials. Students will first plan out how they will construct their ant using the student handout: Plan Your Tool Handout. Examples of materials for students to choose from are cupcake liners, string, tin foil, empty toilet paper rolls, pipe cleaners, coffee filters, pompoms, beads, buttons, tape, glue, etc. Students will share how they constructed their tools independently.
